

Bio and Photo: (Attachment D)

Each incoming student is required to submit a 150–200 word bio and 2x2 photo which will be used in an informal introductory pamphlet that will be distributed at AGE orientation. This is an opportunity for faculty, staff, and your classmates to learn a little bit about your background and what brings you to HSDM, as well as highlight experiences, accolades, publications, and other achievements you are most proud of.

Please refer to the examples below and list the following information preceding your bio: **Your name, preferred name (if applicable), AGE program, hometown, dental school name, degree, and pronouns. Please feel free to include the following in your bio: additional degrees obtained, research experience and publications, volunteer work (if applicable), awards/honors, and extra-curricular activities. Please also submit a 2" x 2" head-shot photo.** Bios should be written in the third person. The Office of Dental Education reserves the right to edit submitted bios.

Please send your bio and 2"x2" photo to [AGE Admissions](#) no later than May 1, 2024

Jonathan (John) Doe

Program: Orthodontics

Dental School: University of Colorado School of Dental Medicine; DDS

Hometown: Denver, CO

Pronouns: He/Him

John holds a MS in Biotechnology from Boston University. At University of Colorado, he participated in orthodontics research in several labs, exploring the human root canal system, bonding technology, and denture fabrication materials. He was the President of the University of Colorado Orthodontics Society, a campus tour guide for prospective dental students, and volunteered with many community oral health care organizations. John enjoys playing sports, including soccer, hockey, and basketball.

Jane Smith

Program: Implant Dentistry

Dental School: Tufts University School of Dental Medicine; DMD

Hometown: Boston, MA

Pronouns: She/her

Prior to joining HSDM, Jane completed a GPR program at Massachusetts General Hospital. She has an article under review for the Journal of Implant Dentistry on the use of implants to correct maxillary defects. Jane volunteered with Mass Smiles during dental school and was a volunteer assistant at a cleft lip and palate care clinic in New York. She is a two-time All American track and field athlete. Jane was captain of the swim team during her undergrad at Boston College, and is a national competitor in the sport.
